Home tuition in the UK

Learning a language in the teacher's home is a good way for students to ensure that they are completely absorbed in the language full-time. Many home tuition centres offer intensive business and test preparation courses for students who need an intensive course in a short space of time.

The table below is a general guide only to a selection of schools in the UK offering home tuition courses. All facts should be checked with the individual schools listed. For a school's contact details, please fax or email us with its name, location and the reference: "Course Guide JULY/03".
