# Exam preparation courses in Malta

PHOTOGRAPH: ENGLISH PLUS LANGUAGE CENTRE

While traditionally viewed as a perfect destination for summer activity language courses, Malta is increasingly able to offer students more academic-focused language courses, including test preparation.

The schools below provide preparation courses for either the Cambridge First Certificate, IELTS or Toefl exams or a combination of all three. The destination's resort atmosphere also means that there are lots of opportunities to wind down outside classes and arranged social activities feature as part of the courses.
